DisappointedBy Faith LoveNot pleased; definitely not worth the price - low quality paper, very thin book...last 6-7 pages contain pictures of "solutions"...why??? Not sure if I would purchase if priced at \$1 or less; I simply cannot recommend this book.0 of 0 people found the following review helpful. Five StarsBy dolores vreelandgood1 of 1 people found the following review helpful. Five StarsBy Marilyn YoungLoved this book

Instill focus and the importance of following instructions to your child by giving them this follow-the-dot book! The stylish cover as well as the vibrant images are sure to attract any child's imagination. Allow them to complete each puzzle and let them bring their masterpieces to life by coloring them. Showcase their artwork to the rest of the family

to encourage them to do more.
