**Jan Constantine : For the Love of Hand Stitching with Jan Constantine: 20 Signature Projects to Applique Embroider** before purchasing it in order to gauge whether or not it would be worth my time, and all praised For the Love of Hand Stitching with Jan Constantine: 20 Signature Projects to Applique Embroider:

1 of 1 people found the following review helpful. New fun craft to try! (here we go again!)By ArleneI bought this one because I had seen it in the store and thought it looked like fun. There are some really decent patterns in the book and full descriptions on how to make things. The book does go into detail on various stitches as well. It is a bore that everything is made with wool felt as I am allergic to wool and I might not have purchased it if that was indicated anywhere on the cover! However, I figured I can adapt it to other fabrics and the book is really great. So five stars and I might even put gloves on or something and try to make a friend something with the wool felt which is supposed to be really stable to work with.0 of 0 people found the following review helpful. great projectsBy PlainespeakingYes, just lovely projects for the home. As a beginner, and new to Jan and many other artists in this field I would highly recommend this book. Haven't tried anything yet but can't wait to get started. Her instruction is very clear and it is all very achievable, in my beginner capacity , so will be a breeze for the experienced.3 of 3 people found the following

review helpful. CharmingBy Gramma BI love this book. Lots of charming projects and good instructions. They are the kind of items that you find in expensive boutiques but are really easy and fun to make yourself.

In this collection of 21 chic, heirloom-quality sewing projects, Jan Constantine features an inspiring mix of style to complement any home from romance and nostalgia to patriotism and celebration. Jan is renowned for her best-selling signature collection of home decor products, available in the UK at stores like Harrods and Bergdorf Goodman. Now you can learn to make Jan's modern designs with basic applique techniques, as well as a range of easy-to-master embroidery stitches. Choose from pillows, a quilt, a throw, place mats, aprons and totes too!

About the Author Jan Constantine's stylish and heirloom-quality designs reflect her background in fashion and interiors. Her dream is to keep the art of hand-embroidery alive, so it can be passed to future generations. Jan lives in England, and her collection of home decor products can be found in stores such as Harrods and Bergdorf Goodman.
