Barbara E. Elbe : Forever in beads: Memories nature transformed into beads before purchasing it in order to gage whether or not it would be worth my time, and all praised Forever in beads: Memories nature transformed into beads:

2 of 2 people found the following review helpful. One of the most beautiful amulet bag books yetBy J. PricePhenomenal patterns with a wealth of detailed instructions on exactly how to make every part of these gorgeous bags, even where to buy the assorted fringe elements. Very highly recommended, and the author (Barbara Elbe) was highly responsive and extremely helpful in e-mail correspondence with her. She goes out of her way, in this book and on her website, to tell you every trick she knows and lead you to resources you might otherwise not find. FABULOUS!!8 of 8 people found the following review helpful. Best unusual beading book aroundBy DebbieI love Ms. Elbes books because they have unusual items and have detailed instructions. I am new to beading and find the patterns fun to do. I would recommend all of her books for any level of beader.7 of 7 people found the following

review helpful. Wonderful realistic patterns for the bird lover
By Horsefreak
These are really great realistic patterns with detailed instructions on stitches and finishing. Book includes color graphs with beads used and quantity. Also included is a word chart for the larger projects. If you are a bird lover this is a must have!

Nine beautiful new patterns bring nature and memories to life. Predominantly brick stitch patterns, there is one square pattern and two frameable loom pieces. Twelve adorable earring patterns complete the book.
