I purchased a couple of patterns over ten years ago and have been looking for more ever since. This booklet has many cross stitch patterns of those silly mice. The patterns are nice and challenging (with quite a bit of backstitching.) I'm hoping Annie's plans on putting out even more patterns in the future.1 of 1 people found the following review helpful. House-Mouse Designs are a delight!By Diane ImersheinIf you're a counted cross-stitcher like I am and adore House-Mouse Designs....this collection is for you. See Amanda, Monica, Mudpie, Muzzy, and Maxwell up to their usual antics as you stitch this designs.2 of 2 people found the following review helpful. Adorable House-MouseBy Patti L. WeagleI am always looking for House-Mouse cross-stitch patterns and/or kits. I just love these little mice! They are fun to stich, yet hard to find. This book has patterns for the different seasons of the years

covered with these adorable mice - quite a few of them that I have not been able to find before. Once I start stitching these little 'mices', it is hard to stop until I finish. Hoping this will be one of several books of House-Mouse patterns that I will buy.

Capture the charming nature of House-Mouse in cross-stitch with this pattern book. Your favorite mischievous mice, depicted in 14 adorable and intricately detailed seasonal designs, celebrate the changing seasons. The book pairs easy-to-read black-and-white charts with detailed instructions that make it perfectly suited for intermediate to advanced stitchers. Lavish, full-color photos accompany every design, while complete materials lists, stitch illustrations, and a buyers guide round out the book.
