Clinton Kelly : Freakin' Fabulous on a Budget before purchasing it in order to gage whether or not it would be worth my time, and all praised Freakin' Fabulous on a Budget:

Perfectly bitchy, sexy and smartBy Sarita M.If you appreciate Clinton Kelly as much as I do, you'll appreciate his great sense of humor, his sardonic wit and his ability to communicate simply, effectively and ... yes, bitch-ily. Is that a word? Forget it. Who cares? I just coined it. This is an easy-to-read, how-to book, written to amuse, to provoke and to remind the reader that it's not hard to be freakin' great no matter what and no matter how depressed you might think you are. You just have to put just a wee little bit of thought into it. Now is that hard? Hell no! And, BTW, the guy's got some pretty good recipes included for that next fab party you might be hosting. What the heck ... grab a great Sauvignon blanc and enjoy this book. It's worth it.19 of 20 people found the following review helpful. Great tips, againBy Annie JSince I already own the hardcover book, Freakin' Fabulous, I wasn't sure that shelling out the \$ for the sequel was necessary on my budget. This time I ordered the Kindle version, and I'm glad I did. I have "Clinton" with me on my multitude of gadgets. Once again, I'm planning to try his recipes for an upcoming November "Beajoulais Nouveau Slam Party"; fun to slam the varieties with friends.

(Clinton, fun times those slams, party idea for you).I've already laughed out loud, and love it. The Kindle version downloaded instantly, no problems there.1 of 1 people found the following review helpful. PRETTY GOODBy Doc R.This is an enjoyable book with good recipes and excellent crafts projects. Not much info about clothing and accessories -- for that, I recommend "Dress your Best." If there is a downside, it is that other budget oriented books are far more budget oriented than this. With that caveat, however, it is an entertaining and occasionally useful guide.
